1 One story buildings shall be required to be designed to provide the appearance of a 20 feet high minimum facade through architectural treatments. Not required for Bransford District if residential character is maintained consistent with adjacent properties.

2 The building frontage minimum requirement may be achieved completely by building facade or a combination of building facade and street wall. Street walls must be designed with the same building materials and architectural appearance as the primary structure. Street walls must be no less than four feet high and no more than six feet high.

3 Building entrances shall be no greater than 100 apart.

4 Not applicable to multi-family development.

5 Alternate access plan may be two-12 feet wide maximum curb cuts at side property line for future joint access with abutting property.
